# Habitability Checklist

This list is a guide to help you identify all of the things that can affect habitability, based upon Civil Code §1941.1 and Health and Safety Code §17920.3. Due to the variety of circumstances which can arise in a given rental situation, all of the possible conditions can’t be listed, so you should use your own judgment to determine whether a particular condition you are concerned with is like one of those listed here.
